Have you developed an innovative or bright idea that your municipality implemented resulting in a better practice? Good Roads wants to hear about it.

Categories

The John Niedra Better Practices competition aims to highlight a municipality's ability to adapt and innovate to unique and challenging conditions, while solving problems in an inventive and original way. These solutions help a municipality streamline a process or use equipment in ways never envisioned before. Whether it be an innovative practice in asset management, equipment or resource deployment, or project or service delivery activity, Good Roads wants to hear about them and share them with the rest of our membership in hopes of helping other municipalities find solutions to problems.

Nomination Process

We encourage you to nominate a fellow municipality or your own that has developed and implemented an innovative idea. Please complete this form and submit it electronically to james@goodroads.ca.

Nomination Follow Up

Good Roads will follow up with the nominated municipality and gather information on:

- a. How the practice/innovation has improved efficiency, effectiveness or quality.
- b. How the practice/innovation was implemented within your municipality.
- c. The timelines over which you have sustained improved efficiency, effectiveness or quality of service using the practice/innovation.
- d. What improvements have been discovered by implementing the practice (reduced cost, reduced time frames to complete work, improved quality etc.,)
- e. The measurement/metric used to determine success of the practice, and
- f. The practice/innovation must be easily transferable and non-proprietary.

Judging

- All entries will be considered open to public knowledge.
- Judging will be done by members of the Research and Product Development Committee.

Reporting the Results

Winners will be announced at the 2024 Good Roads Conference.

Submissions due by **December 29, 2023**
