

Good Roads

Eighth Annual
Municipal Concrete
Award

The Stefan Wenek Skatepark consists of a large architectural hardscape of flatwork concrete poured by Shotcrete and Cast-In-Place Concrete methods. In combination with the centerpiece Skatepark, the project also contained traditional curbs, sidewalks and asphalt paving for the community center upgrades to the parking lots and walkways.

Good Roads

2026 Municipal Concrete Award

Sponsored by Concrete Ontario

The purpose of the award is to promote and recognize the successful collaboration between municipalities and concrete producers for excellence and innovation in municipal concrete projects in Ontario.

This is an annual award. The Municipal Concrete Project of the Year Award will be announced at the 2027 Good Roads Conference.

Please complete all areas of the form. If your municipal concrete (paving, bridge and culvert, flatwork, sidewalk and curb) project qualifies, send the forms to the address below.

Oakville, ON | LBJ 0B2

Submissions received after this date will not be accepted.

Eligibility

The application should be a collaborative effort between the Region/Municipality and Contractor and signed off accordingly. The concrete project should have been completed between January 1, 2026 and November 30, 2026.

There is no minimum contract value and both capital and maintenance projects are eligible.

Judging Criteria

- Conformance to specifications based on testing
- Visual appearance
- Workmanship
- Innovation
- Other considerations (work window, night paving, traffic, interaction with public, etc.)

Cost

There is no cost for the application. It is an excellent opportunity to showcase your project to the rest of Ontario.

Judging Panel

The submission will be reviewed and finalists decided by a minimum of 5 panelists who are members of the CAC/CO/ Good Roads Municipal Concrete Committee.

Reporting the Results

Winners will be announced via email in February 2027.
